Formation of Adi Karnataka Colony at Kozalagere

Breaching of the Tiambaka water tank

The Legislative Council,
December 1941.

Question No.47
by
Mr. R. Cherrigaramiah (Depressed Classes-Tumkur).

Will the Government be pl

Draft replies.

(a) whether it has come to their notice that the Adikarnatakas of Koratagere town are in great need of shifting the existing colony to a sanitary extension;

(a) Yes.

(b) whether it has come to their notice that the scheme proposed by the Sub-Division Officer of Madhugiri, as long back as 2 years, has been approved by the Deputy Commissioner,

(b) Yes.

(c) if so, whether the President of the Municipality has visited the colony at any time with a view to study the conditions and what action has been taken by the President to expedite the matters in this behalf;

(c) The existing Adikarnataka Colony was inspected by the President before placing the proposal before the Municipal Council. Action will be taken to lay out the extension.

(d) whether it is not a fact that the amount sanctioned by the Government about 2 years back for constructing a well for the Adikarnatakas of Koratagere town, has been left unspent as the site for extension is not fixed,

(d) A sum of Rs 500 was sanctioned by the Government for digging a well for the use of the Adikarnatakas. An estimate was got prepared and the work was put on hand. As hard chittu was found, the question of continuing the work was stopped in accordance with the opinions of the Assistant Engineer, Madhugiri and the Revenue Sub-Division Officer, Madhugiri The work will be taken up as soon as the extension is formed.

(e) whether they be pleased to expedite the matters in this behalf as the Adikarnatakas of Koratagere town have to fetch water from far off river thus experiencing great hardship?

(e) Yes.

L.C Question No 47

General and Revenue Secretariat | File No 3421/L of 194 | [App F II

Serial No

Letter No A.C.C. 2083/41-42 Dated 8-12-41
from the D.C. Tumkur Or furnishing further
information.

5) The D.C. Tumkur Or reports that the Amildar Pt,
Koratagere Hobli has since stated that the
Bhandy mentioned proposed for Town Extension Sketch is
a Kharab Govt land measuring about 4 Acres 4
24 Guntas of that the Question of acqn does not
arise at all.

6) The D.C further states that instructions have
been issued to the Amildar Pt to submit proposals
for the formation of Town Extension.

7) Land Wise reference to para 4 supra

Rev 10/12/41 8) From the above letter, it
Sy 10/12 is clear that the delay in
taking action in this case was
due to the mistaken idea that
the Bhandy mentioned had to be acquired
for laying out an extension. It
is now stated to be a Govt Kharab
land, which, according to the Land
revenue Rules, maybe alienated for
the formation of an extension in the
Koratagere Town. In view of the
report now received, a revised draft
reply is put up for approval

8 NOV 1947
[illegible]

Rec'd A. 14.11.47

From

The Deputy Commissioner Tumkur Bk

No A2-LA-30/42-43 dt 2.12.47

Forwards revised proposals for the formation of an extension and A K Colony on Kanakagere Town

93) The D.C Tumkur Bk after inspecting the lands in question on 15.11.47 in company with the Asst.Dr Kanakagere Cir has approved ~~of~~ the alignments of S Nos 2 and 3 for the formation of the extension and S No 182 for the A K Colony as proposed by the Ex Engineer

94) The above proposal however presupposes the formation of the Sriyambakeswara tank as otherwise S.No 182 will be marshy and ~~can~~ hardly being too close to the waterspread and the bunding would require ~~to be~~ strengthened to help the conversion of S Nos 2 and 3 dry and to form the town extension thereon. The

1447/ms U 2887/m

Formation of a N K colony at Karalanje
Treaching of the tank is also considered
absolutely necessary to prevent surplus
water of the tank from causing any
damage to houses in the town which
are situated close to the back wall of the
bed of the tank is proposed to be utilised
for a part of the idea of treaching the
tank is accepted

95) There were objections previously to
the treaching of the tank as it was
feared that by so doing many wells
in the town would dry up the Ex. Engr
is however has now definately opinned
that the Sandy bed of the tank would retain
sufficient water to ensure supply to the
wells even after the treaching and the objection
is groundless

96) The proposals now are treated as
follows -

1) Treaching of Jeeyan bakes Dana tank
and Construction of a Revetted channel to
drain off the Storm water from the
Catchment area at an estimated Cost of Rs 2,80,000/-

2) The Afchkat of the tank to be
formed into an extension

3) The formation of an N.K colony
at the Corner of S no 102 above the tank

9) The D e on West of the town

1647/all U 9887/...

117) I inspected the spot along with the Chief Engineer for irrigation on 27th March last the Municipal Councillors and other leading members of Koratagere Town requested that the question of breaching this tank was pending since a very long time and the existence of this tank gave room for a lot of percolation and the with the result the houses situated behind the tank became very wet damp & almost unfit for dwelling. I am convinced that the breaching of the tank is an immediate necessity the extent of Atchkat under the tank is about 4 Acres and even this extent is not properly irrigated by this tank due to the insufficient supply of water. The land holders of the above Atchkat have no objection for breaching this tank this will also enable Town extention the Chief Engineer also felt no difficulty in taking up the work immediately provided Govt approval & Funds may be taken up and necessary arrangements made this may be submitted to the P W Secretary through the Chief Engineer

118) I was present during her inspect 2/4/48 the L S & Records there is no objection to the tank being breached as the Ground levels are below the normal level the tank

Re the draft replies to the interpellation of Mr R Chennigaramaih, (Depressed Classes-Tumkur)

Sir,

With reference to your letter No L 4502 dated 27th November 1941, calling for draft replies to the above interpellation, to be answered at the ensuing session of the Legislative Council in December 1941, I have the honor to forward, herewith a statement furnishing the draft replies to the interpellation

I have the honor to be,
sir,
Your most obedient servant,

P Suryanarayana Setti
Deputy Commissioner,
Tumkur District

AD 3/12

Statement furnishing the draft replies to the interpellation of Mr R Chennigaramaiah (Depressed Classes-Tumkur)

Question 47

Will the Government be pleased to state -

a) whether it has come to their notice that the Adikarnatakas of Koratagere town are in great need of shifting the existing colony to a Sanitary extension.

b) whether it has come to their notice that the scheme proposed by the Sub Division Officer of Madhugiri as long back as 2 years, has been approved by the Deputy Commissioner,

There is a proposal for acquiring the shandy mainden at the place for the formation of town extension

The scheme was originally proposed by the Sub Division Officer on 14-12-1939 The Executive Engineer, Tumkur Division who was consulted in the matter of breaching the tank behind the Traveller's Bungalow stated that even after breaching the tank the place cannot be kept free of moisture due to spring heads from the surrounding hills He has suggested that the shandy maidan would be best suited for town extension. Besides, the acquisition of land by breaching the tank behind the Traveller's Bungalow was deferred owing to paucity of funds and also in view of the Executive Engineer's opinion

c) If so, whether the President of the Municipality has visited the Colony at any time with a view to study the conditions and what action has been taken by the President to expedite the matters in this behalf,

The existing Adikarnataka Colony was inspected by the President before placing the proposal before the Municipal Council. The Council have resolved to acquire the shandy maidan for the said purpose Necessary action is being taken to ascertain the acquisition charges from the Land Acquisition Officer,Madhugiri in respect of the Shandy maidan

d) Whether it is not a fact that the amount sanctioned by the Govt about 2 years back for constructing a well for the Adikarnatakas of Koratagere town, has been left unspent as the site for extension is not fixed,

A sum of Rs 500/- was sanctioned by Government for sinking a well for the use of the Adikarnatakas. An estimate was got prepared and the work was put on hand As hard chattu was found, a reference was made to the Assistant Engineer,Madhugiri to inspect the well work and furnish his opinion as to whether to continue sinking the well or drop it Both the Sub Division Officer and the Assistant Engineer opined on inspection that the work might be stopped Soon after the selection of a site for the Adikarnatakas this work will be resumed.

e) Whether they be pleased to expedite matters in this behalf as the Adikarnatakas of Koratagere Town have to fetch water from far off river thus experiencing great hardships.

~~Yes. The question is under active consideration~~
Soon after the selection of a site for the Adikarnataka Colony the work will be taken up.

Deputy Commissioner,
Tumkur District

Re:-

The draft replies to the interpellation
of Mr R Chennagaramiah (Depressed Classes-Tumkur)

Sir,

In continuation of this office letter ~~No~~ of even number ~~and~~ dated 3-12-41 on the above subject, I have the honour to state that it is since ascertained from the Amildar-president Koratagere Minor Municipal council, that the shandy maidan proposed for town extension etc , is a Khrab Government land measuring about 4 acres and 24 guntas and that the question of acquisition does not arise at all

The Amildar-president has been asked to submit proposals very early for obtaining sanction to the alienation of the same for the formation of town extension

I have the honour to be,
sir,
Your most obedient servant,

DEPUTY COMMISSIONER
TUMKUR DISTRICT

The Secretary to the Government of His Highness
the Maharaja of Mysore
Law Department

To

The Deputy Commissioner,
Tumkur District.

Sir,

Subject - L C. Question No.47. Koratagere Town Extension and shifting the A.K. Colony.

With reference to the correspondence ending with your letter No.A6.C.2035/41-42 dated 8th December 1941, stating that the shandy maidan proposed for the Town Extension is a Kharab Government land, I am directed to enquire how long the present Amildar of Koratagere Taluk has been in the place and to request you to be so good as to obtain and submit his explanation for not having taken early action for the laying out of the Extension though the land required for the purpose is said to be a Government land which had to be merely -- alienated for the purpose.

I have the honour to be,
Sir,
Your most obedient servant.

Copy of letter No H C 43/41-42 dated 6-1-42 from the President, Municipal Council, Koratagere, to the Deputy Commissioner, Tumkur

Subject - Formation of A K Colony in shandy maidan at Koratagere

---

In continuation to this office report No H C 30/41-42 dated 6-12-1941 on the above subject, I beg to state that the subject was discussed at great length in the council at their adjourned General Meeting on 30-12-1941 and it was resolved that, as the river flows very close by the Mohamedan's burial ground on one side and there is the side of the site (ಠಳಡ ಸಂಪ್ರ) on the other side, houses cannot be constructed according to Sanitary conditions as the land will be inadequate for the purpose and that, therefore, the tank behind the T B may be got breached and further prayed that the Deputy Commissioner may be pleased to inspect the spot

Under the circumstances, it is respectfully prayed that the Deputy Commissioner may kindly be pleased to visit the spot in company with the District Medical officer who is the District Sanitary Officer Further it is submitted that sanction may kindly be accorded to breach the tank and proceed with acquisition proceedings

H V Narayana Rao, Esq , B A ,LL B ,
Secretary to Govt of Mysore,
Law Department, Bangalore

Sir,

Re Adikarnataka Colony and Town Extension in Koratagere Town

With reference to your marginally* noted communications on the above subject, I have the honor to state as follows -

* No L 7223/Ml 119-41-23 dated 12th February 42
No L 8477 dated 18-3-42

As promised in my previous letter, I have inspected the tank bed behind the T B and some other sites in the town in company with the District Medical and Sanitary Officer, Tumkur, Mr R Channigaramaiya and some Adikarnatakas also were present The District Medical and Sanitary Officer expressed his opinion that the tank bed was not suitable for laying out an extension on account of its marshiness owing to spring heads

Sites in S Nos 35 and 36 of Hanumanthapura and S Nos 2 and 3 of Koratagere kasaba were also inspected The District Medical and Sanitary Officer and the Adikarnatakas who were present then had no objection to the formation of a colony for them in S Nos 35 and 36 of Hanumanthapura These survey numbers are said to measure 1 acre and 20 guntas and about 60 sites measuring 8 x 10 = 80 yards (each) are proposed to be laid out in one acre the remaining 20 guntas being reserved for roads and conservancy lanes

As regards the town extension, the President, Minor Municipal Council, Koratagere states that out of S Nos 2 and 3 of kasaba village , an extent of 3 acres and 28 guntas would be required I am issuing suitable instructions to the President to obtain necessary resolution of the Council and to submit acquisition proposals throug

through the Sub Division Officer, Madhugiri very early so that sanction of Government may be obtained in the matter. As soon as the acquisition proceedings are over, the Executive Engineer, Tumkur Division will be requested to breach the tank to render the area sanitary and habitable

I have the honor to be,
sir,
Your most obedient servan

Sir

Formation of a colony for the Adikarnatakas and acquisition of lands at Government cost for laying out extensions

Adverting to the correspondence ending with this office letter No A 6 C 2085/41-42 dated 21-8-1942 on the above subject, I have the honor to forward herewith the acquisition proposals just received from the Sub Division Officer, Madhugiri. It will be seen therefrom that an extent of 1 acre and 20 guntas of land out of survey numbers 35 and 36 of Hanumanthapura village has been proposed to be acquired for the Adikarnataka Colony, and an extent of 5 acres and 12 guntas in S Nos 2 and 3 of Koratagere town is proposed to be acquired for the lay out of the extension A total extent of 6 acres and 32 guntas is thus proposed to be acquired for the Adikarnataka Colony and the town extension The land is valued at Rs. 100/- per acre in this locality The cost of acquisition for 7 acres at Rs 100/ per acre, together with a statutory allowance of 15% will work up to Rs 805/- In addition to this, a conversion fine of Rs 500/- per acre will have to be levied in accordance with schedule 'B' of Rule 59, Land Revenue Rules The Municipal Council, Koratagere, have resolved on 25-10-1940, that in their present financial condition, they are unable to bear any portion of the cost of acquisition and that a Government grant of Rs 2000/- may be sanctioned to them towards the cost of acquiring and laying out the Adikarnataka Colony and the extension The representation of the Municipal Council is real and their only source of income is mohatarfa Important amenities such as drainage

and

and water supply are yet unattended to The question of formation of a separate colony for the Adikarnatakas and also a neat extension to the town, are however important needs, which have to be taken up early In these circumstances, I request you to obtain very early orders of Government sanctioning a Town Improvement grant of Rs 2,000/- to this Municipality for the above items of expenditure In view of the slender resources of the Municipality, I am of opinion that the conversion fine may be waived.

Two sets of preliminary notifications in English and Kannada have been prepared and enclosed with the records. I request you kindly to get them published in the Mysore Gazette, authorising the Sub Division Officer, Madhugiri to hear objections, if any, preferred against the acquisition, from persons interested in the property The Compiler, Mysore Gazette may also be requested to send 25 copies of the notification in Kannada to the Madhugiri Sub Division Officer, direct for giving wide publicity in the locality concerned

The estimates and plan for lay out of the extension will be submitted after sanction is accorded to the grant and along with the final declaration statements.

I have the honor to be,
sir,
Your most obedient servant,

for Deputy Commissioner,
Tumkur District

Lis Fill 31/7/43

Note

I have inspected the spot with the Amildar and local Adikarnatakas on 8-6-1943

The Town Municipality have decided to drop the question of having an extension (general) and Taluk office, in this area near the T B Their idea is to have the extension to the east of the town

The extension for Adikarnatakas need not wait for final orders on the question of the general extension I would prefer the Adikarnataka extension also being laid out on the easternside of the town, but as the District Medical Officer and Mr P S Setty have approved of the present site, it may be pursued further Only, the tank has to be breached, and a channel with revetment on either side has to be constructed to lead off the water from the hills and the tank area, across the road to the Jayamangali river. Otherwise the area to be built upon will be marshy and unhealthy This has to be included in the cost of the land to be acquired Ask Amildar to forward a complete scheme providing for all cost, together with a neat scale drawn plan, marking out the survey numbers, tank, road, river etc , and the lay out of sites and roads thereon

~~Note to Government regarding action taken.~~

Adikarnataka Colony at Koratagere

With reference to your letter No L.10751 dated 4th May 1943 I enclose herewith the layout plan and the file of records relating to the above subject and have the honor to state as follows -

The Minor Municipal Council Koratagere had resolved to acquire 5 acres 12 guntas of land for laying out a Town Extension and 1 acre 20 guntas for forming an A.K colony near the Traveller Bungalow at Koratagere Preliminary notification for acquiring 1 acre 20 guntas for the A.K. colony has been published in Government Notification No.L. 5871/M1 164-41-17 dated 11th December 1942 Regarding the town extension, the Council has subsequently resolved that the question may be taken up after the new taluk office building is constructed Accordingly that question was recommended to be dropped in this office letter of even number dated 1st April 1943

Map I

The present site for the A.K colony was selected by my predecessor Mr.P.Suryanarayana Setty, and the then District Medical Officer. The survey numbers to be acquired are gt lands and are situated just below the tank bund as indicated in the layout plan My predecessor Mr.K Srinivasan inspected the spot on 8-6-43 and I have also inspected the same on 13-8-44 in company with the local officers and non-officials If the colony is to become habitable, the tank has to be breached and a channel with revetment on either side has to be constructed to lead off the water from the hills and the tank area across the road to the river. It will also be necessary to construct a small bridge at the point where the channel cuts the road If these improvements are not effected the area will become extremely marshy and very unhealthy These improvements will cost not less than Rs 8000-10,000/- in addition to the cost of acquisition of the land itself The finances of the Municipal Council are very poor and they have resolved that it is not possible for them to meet the cost of laying out the extension and have requested that Government may be pleased to make a grant for the purpose,

In the first place the breaching of the tank is not desirable since the wells in the town would dry up The breaching of the tank without carrying out the necessary drainage works would render the place marshy The drainage work would involve a very heavy expenditure as explained above

Even if all these improvements are effected at the cost of Government, it is very doubtful if sufficient number of Adikarnatakas will come forward to build houses Since from enquiries made by me I gather that very few of them have really any intention to shift and settle down in the new Adikarnataka colony. Even these persons will have to incur heavy outlay in putting up houses in the low marshy ground which has been proposed for A.K extension and this might deter any except one or two persons like Mr Channigaramaiya to take up the sites in the proposed extension. For these reasons I am of the opinion that the site now selected is unsuitable and the acquisition of the same may I think be dropped once for all.

PTO

Mr Channigaramaih, Member Legislative Council and a resident of Koratagere suggested as an alternative that a bund could be put across the existing tank and half the tank bed utilised for the purpose of laying out an A.K. colony I have seen the spot It is not at all desirable to have a colony in a tank bed and it will be even worse than the site which has been condemned for the reasons explained above Similarly the shandy maindan on the other side of the Tumkur-Madhugiri road which is a third alternative is not also suitable because there is a Mutt and a Khabarstan on either side of the land which is also narrow. It is not therefore possible to lay out the colony anywhere in the vicinity of the Travellers' Bungalow

I have consulted the local influential non-official gentlemen and they are agreeable to take up the question of laying out the town extension and A.K colony towards the northern or north-eastern direction of the town along the Tumkur-Madhugiri road Separate proposals will be addressed about the same in due course In the meanwhile the present proceedings for acquiring 1 acre 20 guntas of wet land for the A K colony may be dropped.

I have the honor to be,
sir,
Your most obedient servant,
D Meerasaheb
Deputy Commissioner,
Tumkur District

Immediate D O No L 17692
dt 28/6/47

Dear Sir,

I am desired to invite reference to this office letter No L 3530 dated 19-10-44 and the consequent reminders ending with No L 13047 dated 23-6-46 on the subject of the formation of a colony for Adi Dravidas in Kovalam Town. Since the question has been pending from the year 1941-42 and has come up for discussions in the L C Sessions of Dec'43, Dec '43 and June '47, I am to request you to take personal interest in the matter, and obtain the necessary records from the Assistant-President of the Kovalam union and communicate your views in this behalf for the orders of Govt at a very early date. This matter is treated as urgent. I am to forward herewith a list of the L C Members (by name)

To the D C Tirunelveli

Legislative Council — Budget, Session 1946-47 — Cut motion

C F 69]

Continuation Sheet | File No / Current No | of | No 246 | Page 10122 / L

Serial No	Demand Number	Cut Motion	Mover
246	25	The demand under the head 30 Grants for Public Improvements for Rs 78 18 000 be reduced by Rs 100 in order to raise a debate on the inordinate delay caused in respect of providing extension to the Adikarnatka colony at Koratagere Town in Tumkur District)	Mr R Chennigaramiah

Mr Das

Sd

The Minor Municipal Council, Koratagere had resolved to acquire one acre and twenty guntas of land for forming an Adikarnataka Colony near the T B at Koratagere. Preliminary notifications for acquiring the same has been published in Govt notification No L 5871/rvl 164-41-17 dated 11-12-1942 But the acquisition proceedings were dropped for the following reasons —

1) The lands that were selected for acquisition are wet lands and are situated just below the tank bund. If the colony, to be formed on the said lands, is to become habitable, the tank has to be breached and a channel with revetment on either side has to be constructed to lead off the water from the hills and the tank area across the road to the river. It will also be necessary to construct a small bridge at the point where the channel cuts the road If these improvements are not effected the area will become extremely marshy and very unhealthy These improvements will cost not less than about Rs 10,000/- The finances of the Mty are very poor and they have resolved that it is not possible for them to meet the cost of laying and the extension

2) The breaching of the tank is not desirable

WD 0726—G1B—25 000—15 9 44

since the wells in the town would dry up. The breaching of the tanks both and carrying out the necessary drainage works would render the place marshy. The drainage work itself would involve very heavy expenditure as explained above.

3) Even though, if all the improvements are effected at the cost of Govt, it is very doubtful, if sufficient number of Asiatics & others will come forward to build houses. From enquiries it is learnt that very few of them have really any intention to shift and settle down in the colony. Even these persons will have to incur very heavy and lay in putting up houses in the low marshy ground and this might deter any, except one or two persons.

The question of laying out the A & E colony towards the northern or north-Eastern direction of the town along the Tuticorin - Madurai Road is under the consideration of Govt and as soon as the necessary proposals and records, which have been called for, are received, will be sanctioned.

The connected bills is put up

Question No 86 by Mr R Channigaramaih, Tumkur Depressed Class, the Adikarnataka Colony at Koratagere

Sir,

With reference to your memo No L 5263 dated the 19th instant calling for report on the above subject, I have the honor to forward, herewith, draft replies to the question referred to in the interpellation (vide separate sheet enclosed) It is seen from the notes of inspection of the spot by Mr K Srinivasan, the previous Deputy Commissioner on 8-6-1943 (a copy of hich is herein enclosed for ready reference) that certain improvements viz (1) breaching of the tank and (2) the construction of the channel to lead off water from the hills are very necessary Final proposals with the declaration statements will be separately submitted after getting the necessary estimate for the above works and a lay out plan of the site to be formed, through the concerned departments Early action will be taken after records are received back from Government

I have the honor to be,
Sir,

Mr.R. Channigaramaih (Tumkur Depressed class). Draft reply

a) When the preliminary notification in the Mysore Gazette for the extension of Adikarnataka Colony at Koratagere town, Tumkur District was published.	The preliminary notifications were published in the Gazette in December 1942.
b) Whether final notification was made and when?.	Final notifications have not been published yet
c) Since how long the acquisition record is pending and in what stage it is at present.	The acquisition proceedings were started in the year 40-41. After spot inspection by the District Medical Officer and the Deputy Commissioner the preliminary notifications were sent up to Govt; on 7-10-42. Later on Mr.K. Srinivasan the then Deputy Commissioner inspected the spot on 8-6-43 and proposed some improvements re: breaching of the tank and the construction of a channel to lead out water. This has been delayed in the Koratagere teluk office Necessary action will be taken on receipt of the records from Govt:.
ether the question of ning the tank bund for the f extending the town is consideration	Yes It is proposed that a portion of the tank bund ha to be breached for A A. Colony
measures taken by the pality to expedite the above	~~M I L~~ Work in progress Action taken

Asst

For Deputy Commissioner,

N O T E

I have inspected the spot with the Amildar and local Adikarnatakas on 8-6-43.

The Town Municipality have decided to drop the question of having an extension (general) and taluk office, in this area near the T.B.. ~~This~~ their idea is to have the extension to the east of the town.

The extension for A.K.'s need not wait for final orders on the question of the general extension. I would prefer the A.K. extension also being laid out on the eastern side of the town, but as the D MO and Mr.P S. Setty, have approved of the present site, it may be ~~passed~~ passed further Only, the tank has to be breached, and a channel with revetment on either side has to be constructed to lead off the water from the mills and the tank area, across the road, to the Jayamangali river Otherwise the area to be built upon will be marshy and unhealthy This has to be included in the cost of the scheme along with the cost of the land to be acquired. Ask Amildar for to forward a complete scheme providing for all cost, together with a neat scale drawn, plan, marking out the S.Nos., tank, road, river &c., and the lay out of sites and roads thereon. Write to Government intimating action taken.

Sd A Srinivasan,

Deputy Commissioner.

Subject - Formation of a colony for Adikarnatakas in Koratagere Town

With reference to correspondence ending with your letter No L 10691 dated 10-11-1947 on the above subject, I have the honor to state that the lands in question were inspected by me on 15-11-1947 when the Amildar, Koratagere taluk was also present The proposal of the Sub Division Officer, Madhugiri made in his letter No A3 C 909-224/44-45 dated 18th January 1946 was examined in detail and it appears to me to be the most appropriate one in the circumstances reported

The Executive Engineer after inspecting the spot on 24th October 1945 had opined that the Triambakeswara tank which is a small one should be breached in order to prevent water causing any damage to houses in the town He further suggests that after making necessary drainage arrangements to lead off the storm water, the lands below the tank (S Nos 2 and 3) may be formed into town extension and that S No 182 which is above the tank bed and adjoining the present Adikarnata Hatti may be selected for the new Adikarnata colony

The Executive Engineer has sent an estimate for Rs 28,000/- for effecting necessary improvements such as breaching of the tank, opening of a channel with revetment on either side to lead off the water from the hills to the river construction of a small bridge at the point where the above channel would cut the road and drainage arrangements etc

From

[illegible] report of the Committee [illegible] position of the [illegible] Corporation, owners is poor and the [illegible] will not [illegible] such heavy expenditure. In the circumstances mentioned above, I request that sanction of Government may kindly be obtained early for the breaching of the [illegible] at an estimated cost of Rs. [illegible],000/-, the entire cost being borne by Government for removing silt [illegible] have, the [illegible] granted in 1944-45 per sketch being [illegible] [illegible].

[illegible] their [illegible] early for reference and return.

to

The Chief Engineer for Irrigation in Mysore
Docket Abstract Bangalore

Breaching of Triambakeshwara Tank in Koratagere in connection with the formation of Adikarnataka Colony Etc

Sir,

In forwarding herewith a Copy of letter No A2 L Ä 30/42-43 dated the 2nd December 1947 received from the Deputy Commissioner, Tumkur District, on the above subject, I am directed to state that the tank was inspected by the Minister for Local Self-Government on the 27th March 1948 when representations were made to him ~~that~~ by the Municipal Councillors and other leading members of

Kovalangere Station Rd - the question
of breaching the Triambakeswara Tank
has been pending for a very long time
and the existence of this tank gave room
for a lot of percolation with the result -
that the houses situated behind the tank
became quite damp and almost unfit
for dwelling purposes. The breaching of
the tank is therefore an immediate
necessity - The sluice at present is small being about 4 acres and over
this is not properly irrigated; further, the
owners of the lands have no objection
to the breaching of the tank. If the
tank is breached, it will not only
help in the formation of the Ashwanatha
Colony but also help in the formation
of the Town Extension

2 In the circumstances, I am to
request you to be so good as to
make necessary arrangements for
the breaching of the tank in question immediately,
in consultation with the Revenue Commissioner
and the Deputy Commissioner, Tumkur St,

and a report forwarded by Govt in the matter

Sir,

Subject,- Breaching of Triambakeswara tank in Koratagere and opening out a drainage channel to lead off the water to Suvarnavathi river in connection with the formation of a Harijan Colony.

==00==

In forwarding herewith the correspondence ending with memo No A 3 dated 5-7-48 from the Comptroller to the Government of Mysore, Bangalore, on the above subject, I have the honor to state that the Comptroller states that the bill for Rs. 10,000/- being the Government grant sanctioned in G O.No L 17358-63 Rl. 134-47-7 dated 7th June 1948, fo the above purpose, could not be passed since it was not received in time to pass against the grant for 1947-48 and requests to obtain sanction of Government to meet the cost out of the grants for the year 48-49.

The Executive Engineer, Tumkur Division, Tumkur has requested to credit the estimated amount of Rs 10,000/- under P W Deposits for facilitating early execution of the work

I therefore request that sanction of Government may kindly be accorded early to meet the estimated cost of Rs 10100 /- out of the Town Improvement grant for the year 1948-49

I have the honor to be,
Sir,
Your most obedient servant,
